## Pricing

We've done everything we can to keep down the cost of YDW. Our pricing structure is designed to make the weekend financially accessible, especially to young people. If you can afford to pay more, you are welcome to do so; it'll all go towards making YDW cheaper and even better next year. We won't be checking ID, but please be honest about your age. Each camper will be expected to pitch in with one hour of work during the weekend.
